PROFESSIONAL SUMMARY

Compositor with hands-on Nuke/NukeX experience delivering green-screen replacement, sky replacement, screen inserts, cleanup, and CG integration across released theatrical and streaming projects, including a theatrical feature and a Netflix Top-2 India series. Comfortable running Python-scripted Nuke workflows, contact shadows, iDistort surface warping, spill-suppression expressions, tracker-linked setups, and planar tracking in Mocha Pro, with a full EXR pipeline background. Shot-QC and delivery experience adds a practical, standards-aware eye to versioning, frame integrity, and turnaround pressure.

First-class MA in Filmmaking with VFX specialization, gold medalist.

EXPERIENCE

Compositor | Zero Gravity VFX · Mumbai

April 2026 – July 2026

Projects: GOVERNOR · DUPAHIYA S2 · MUSAFIR CAFE - NETFLIX

- ▶ Delivered final composites on GOVERNOR (theatrical release; No.2 on Prime Video post-OTT), a VFX-heavy feature: green-screen replacement, sky replacement, cleanup/paint, and shot tracking across shots.
- ▶ Composited all episodes of MUSAFIR CAFE (Netflix; Top 2 in India for 3 weeks, No.1 across 5 international markets): phone-screen replacement, picture-in-picture inserts, and phone/shot tracking.
- ▶ Composited all episodes of DUPAHIYA SEASON 2 (released October 2026; ranked No. 2): phone-screen replacement, picture-in-picture, screen pop-ups, and green-screen replacement.
- ▶ Built Python-scripted Nuke workflows to speed up repetitive setup tasks across shots, reducing per-shot prep time.
- ▶ Applied contact shadows, iDistort surface warping, and spill-suppression expressions to integrate CG and plate elements to photoreal standards.
- ▶ Used tracker-linking and Mocha Pro for match-move and planar tracking on integration-heavy shots.
- ▶ Conducted shot QC in Nuke prior to delivery across three concurrent shows: verified frame ranges, identified corrupt frames, flagged matte and version discrepancies.
- ▶ Worked within full EXR pipeline delivery, maintaining channel and colour consistency from plate through final render.
- ▶ Brought cross-department fluency from a concurrent shot-QC role: applied QC standards, versioning conventions, and an understanding of delivery pressure from the production side of the pipeline.

Shot QC & Delivery | Zero Gravity VFX · Mumbai

April 2026 – July 2026

- ▶ Conducted shot QC in Nuke prior to delivery across three concurrent shows: verified frame ranges, identified corrupt frames, flagged matte and version discrepancies.
- ▶ Bridged supervisors and artists on updates, blockers, and revisions, giving a working understanding of notes from both the giving and receiving side.

Assistant Director Intern · Pre-Production | Contiloe Pictures · Mumbai

2021

- ▶ Contributed to VFX pre-production through previz of sets and props on live-action projects.

SELECTED PROJECT WORK

- ▶ GOVERNOR — Theatrical feature · No.2 on Prime Video · VFX-heavy: green-screen replacement, sky replacement, cleanup/paint, shot tracking.
- ▶ MUSAFIR CAFE — Netflix series · Top 2 India (3 wks), No.1 in 5 markets · compositor on all episodes: phone-screen replacement, picture-in-picture, phone/shot tracking.
- ▶ DUPAHIYA SEASON 2 — Series (released October 2026) · Ranked No. 2 · moderately VFX-heavy: phone-screen replacement, picture-in-picture, screen pop-ups, green-screen replacement, phone/shot tracking.

SKILLS, TOOLS & LANGUAGES

Compositing & VFX	Nuke / NukeX · Python scripting in Nuke · Roto-paint · Match-move & integration · Green-screen keying & replacement · Sky replacement · Screen inserts / phone-screen replacement · Picture-in-picture · Cleanup & wire/rig removal · Contact shadows · iDistort surface warping · Green spill-suppression expressions · Colour matching & grain management · Multi-pass CG compositing · Deep compositing · Tracker linking
Tracking & Finishing	Mocha Pro (planar tracking) · 2D / 3D match-move · Silhouette · DaVinci Resolve · EXR pipeline · Multichannel EXR management · Photogrammetry
Production & Pipeline	ShotGrid / Shotgun · Frame.io · Shot QC workflows · Frame-range & version QC · Filemaker · Google Sheets · Microsoft Excel

Additional Photogrammetry · Photography · 3D (portfolio) · Previz · Microsoft Office Suite
