EXPERIENCE

VFX Production Coordinator | *Zero Gravity VFX · Mumbai* April 2026 – Present

Projects: GOVERNOR (sole coordinator) · DUPHAIYA S2 (co-coordinator)

- ▶ Sole coordinator on GOVERNOR; co-coordinated DUPHAIYA S2 alongside a second coordinator, managing parallel pipelines simultaneously
- ▶ Conducted rigorous shot QC in Nuke prior to delivery: verified frame ranges, identified corrupt frames, flagged matte and version discrepancies
- ▶ Maintained and updated production tracking databases (Google Sheets); created dedicated kickback spreadsheets for every round of director and DI team revisions
- ▶ Attended and took detailed notes in dailies review sessions, distributed action items to artists, supervisors, and production with consistent follow-through
- ▶ Served as the primary communication bridge between supervisors and artists — relaying updates, flagging blockers, and working with supervisors to resolve artist-side issues
- ▶ Coordinated with outsource vendors and freelancers on deliverables, project status, and pipeline requirements
- ▶ Managed shot transfers from native project folders to HDD; cross-verified frame counts across OFFLINE, SCAN, and final RENDER deliverables to ensure accuracy before handoff
